

## FY21 House 2 Chapter 70 Aid Distribution

*Adjusted for changes in district composition between FY20 and FY21.  
Operating districts only.*

**EXPLANATORY NOTE:** In this budget, the governor has used a different approach for calculating the annual increase than his administration had originally used in projecting the impact of the Student Opportunity Act (SOA). As a result of this change, some districts would receive less under this budget plan in FY21 than these projections estimated. However, by FY27 all districts should get the total amount to which they are entitled — as long as the Legislature and governor fulfill their commitment to fully funding the SOA.

In addition to increased Chapter 70 funds, many districts will benefit from two other changes included in the SOA: adding transportation costs to the special education circuit breaker and increasing that allocation, and increasing charter schools reimbursement. Go to the Division of Local Services web site [HERE](#) or [HERE](#) for cherry sheet information that provides more details about proposed funding for schools and other municipal services
